

# CR250 Router - ViBE Enabled

The Cloud Router CR250 is an Enterprise ready dynamic platform for connection back to the Voipex Elixir Service or for use with ViBE in Data environments. Supporting up to 300 simultaneous calls with ViBE and capable of failing over onto 3/4G it provides the perfect solution for Enterprise users wanting to make the most of their bandwidth and ensure continuity of service.

## Intended for

Connection back to ViBE servers either through Voipex's Managed Service offering "Elixir" or for standalone ViBE installations. The CR-250 will handle up to 300 simultaneous calls whilst delivering all of the benefits that ViBE delivers.

## Benefits

- ViBE QoS and increased call throughput (up to 100 calls per 1MB)
- VPLS ViBE prioritisation for traffic
- ViBE Bonding
- RAIN mode instantaneous failover
- Encryption
- Failover to 3/4G in conjunction with Bonding multiple circuits can deliver equal bandwidth capability over the mobile network
- Increased Performance
- VPN capabilities

## Specification

<b>Dimensions &amp; Weight</b>	L 271 mm, D 184 mm, H 45 mm Rackable 19", 1U, 3 Kg
<b>Local Network</b>	2 x Ethernet 10/100 Mbps, TCP/IP protocol
<b>GSM Interfaces</b>	4 or 8 ports available in quadband GSM850/900/1800/1900 MHz or dualband UMTS 900-2100 MHz
